

# SATURN SPEAKER

## MOUNTING INSTRUCTIONS

(Direct to ceiling or gangbox)

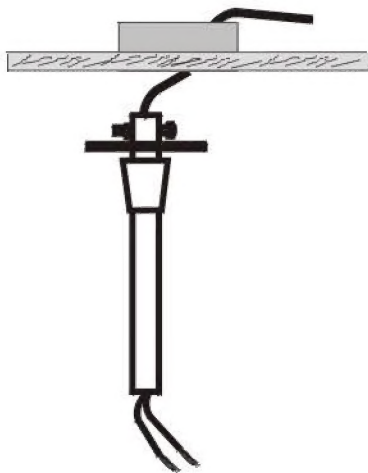

- 1.** Slide the plastic cap into the pipe.

- 2.** Slide the metal plate into the pipe next to the plastic cap.

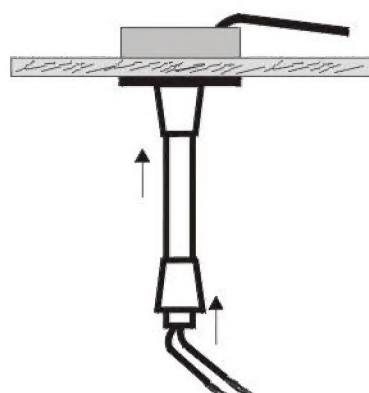

- 3.** Screw in the nut and bolt into hole at the end of the pipe.

- 4.** Run wire thru 1" pipe. Make sure you have enough to reach speaker terminal at the other end of the pipe.

- 5.** Screw the metal plate directly to the ceiling or to the gangbox.

- 6.** Slide the cap all the way to the metal plate and slide in the other cap at the other end of the pipe.

- 7.** Connect speaker wire to the terminals of the Saturn speaker.

- 8.** Insert pole over the body stem of the Saturn speaker and add screw in with 1/4" x 20 screw.

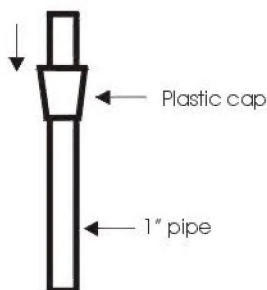

- 9.** Slide down the plastic cap until it touch the speaker.

COMPLETED INSTALLATION.
